

2016 MISSOULAN WASH OREGON RESERVE PINOT NOIR

THE ICE AGE MISSOULA FLOODS EXPOSED THE DISTINCT, VOLCANIC AND MARINE SEDIMENTARY EARTH OF OUR HILLSIDE WILLAMETTE SITES, REVEALING THE ESSENTIAL SOIL OF THIS SPECTACULAR TERRAIN. THESE WELL-DRAINED SOILS - PAIRED WITH THE INTENSELY COOL, BUT SUN-DRENCHED SUMMERS - CREATE PINOT NOIR OF VIBRANCY AND RESTRAINT. AT ELOUAN, WE WORK TO FOCUS THESE DISCRETE ELEMENTS INTO A UNIQUE OREGON RESERVE PINOT NOIR.

JOSEPH WAGNER, WINEMAKER

2016 VINTAGE

A warm, wet winter across the Willamette Valley brought about early bud break. The warmer weather persisted into spring and encouraged rapid vine growth. A late-July cooling period that continued into September helped to regulate the fruit's sugar development and maintain acidity. Harvest was completed by the end of September and the resulting wines show beautiful color, excellent depth, solid structure and firm acidity.

WINEMAKER NOTES

After harvesting the grapes, we de-stemmed 100% of the clusters. During fermentation, we employ techniques to tailor extraction to the needs of each lot. By catering to the individual needs of each fermentation lot, we can ensure that our style of reactive winemaking is the best way to coax the most ethereal and true qualities from Pinot Noir fruit. We aged the wine for eight months in a mix of new and seasoned French oak and racked it after malolactic fermentation was complete and once more at blending.
